Matthew Leonard

Angular Developer at Kin + Carta
Greater Chicago Area

Summary

All time leading behind-the-back goal scorer for Iowa State Lacrosse

Experience

Kin + Carta
Software Engineer
September 2019 - Present (2 years 5 months)
Greater Chicago Area

Loras All Sports Camp
1 year 4 months

Web Developer
June 2018 - September 2019 (1 year 4 months)
Dubuque, Iowa Area

As a web developer for Loras All Sports Camp I worked directly alongside the front office to assist them in making their ideas a reality on their company website. LASC hopes to use their new website as a marketing piece to boost their already multi-million dollar annual revenue.

Assistant Head Counselor
June 2018 - August 2019 (1 year 3 months)
Dubuque, Iowa Area

As an Assistant Head Counselor at Loras All Sports Camp I am on the Administrative Staff that helps run the camp week after week. This role involves being a leader to the 28 Boy's counselors working the camp. Responding to problems that pop up in a quick and orderly manner is a crucial part of this job.

Loras All Sports Camp
Boy's Counselor
June 2015 - July 2017 (2 years 2 months)
Dubuque, Iowa Area

My responsibilities at Loras All Sports Camp include:

- Working together and communicating with the other counselors to provide an enjoyable experience for our campers.
- Instructing and being flexible with the varying abilities of the campers across numerous sports.
- Leading and instructing four groups of 10+ 4th through 8th graders across four weeks of camp.

MMD Services

IT Recruiter

May 2016 - March 2017 (11 months)

Greater Chicago Area

My role at MMD Services is to seek out qualified candidates to fill contract and direct hire opportunities in the Information Technology industry.

Responsibilities Include:

- Sourcing qualified candidates that meet client criteria
- Phone screening perspective candidates to gain complete understanding of their experience and career aspirations
- Expertise in navigating through interviewing process and negotiation techniques
- Building and maintaining client relationships
- Sustain visibility on networking and social media sites

NEMERA

IT Contractor

June 2016 - June 2016 (1 month)

Buffalo Grove

At Nemera I worked directly with the rest of the IT team, I was on a three week contract for a project they needed extra help on. We succeeded in finishing this project in our scheduled time.

Responsibilities Included:

- Running and Installing Windows Updates on ~200 Laptops and Desktops.
- Re-Imaging select new and used computers.
- Organizing and Inventorying IT hardware.

Education

Iowa State University

Bachelor's degree, Computer Science · (2014 - 2019)
